

01 Admission guide

From your admission form to settling into the ward

Welcome to the International Medical Center. Please prepare your documents, medical records and personal belongings, and follow the steps below.

Arrive on the date and at the time on your admission form

Please complete admission formalities before 09:00, unless otherwise instructed.

Once your admission form is issued, you do not need to contact the ward to confirm a bed.

1 Outpatient visit · Admission form

See a doctor at the International Medical Center outpatient clinic to obtain an admission form. If you have not arranged a visit, ask staff for help with same-day registration.

2 Admissions & Discharge Center

Bring your admission form, identification and insurance documents. The center is on Level 1, on your right after entering through the west entrance.

3 Direct billing or admission deposit

Patients with partner insurance arrange direct billing; other patients pay an admission deposit.

4 Go to Level 16 · Check in at the nurses' station

Take inpatient lift A or B to the International Medical Center on Level 16. Hand your admission documents to the nurses' station.

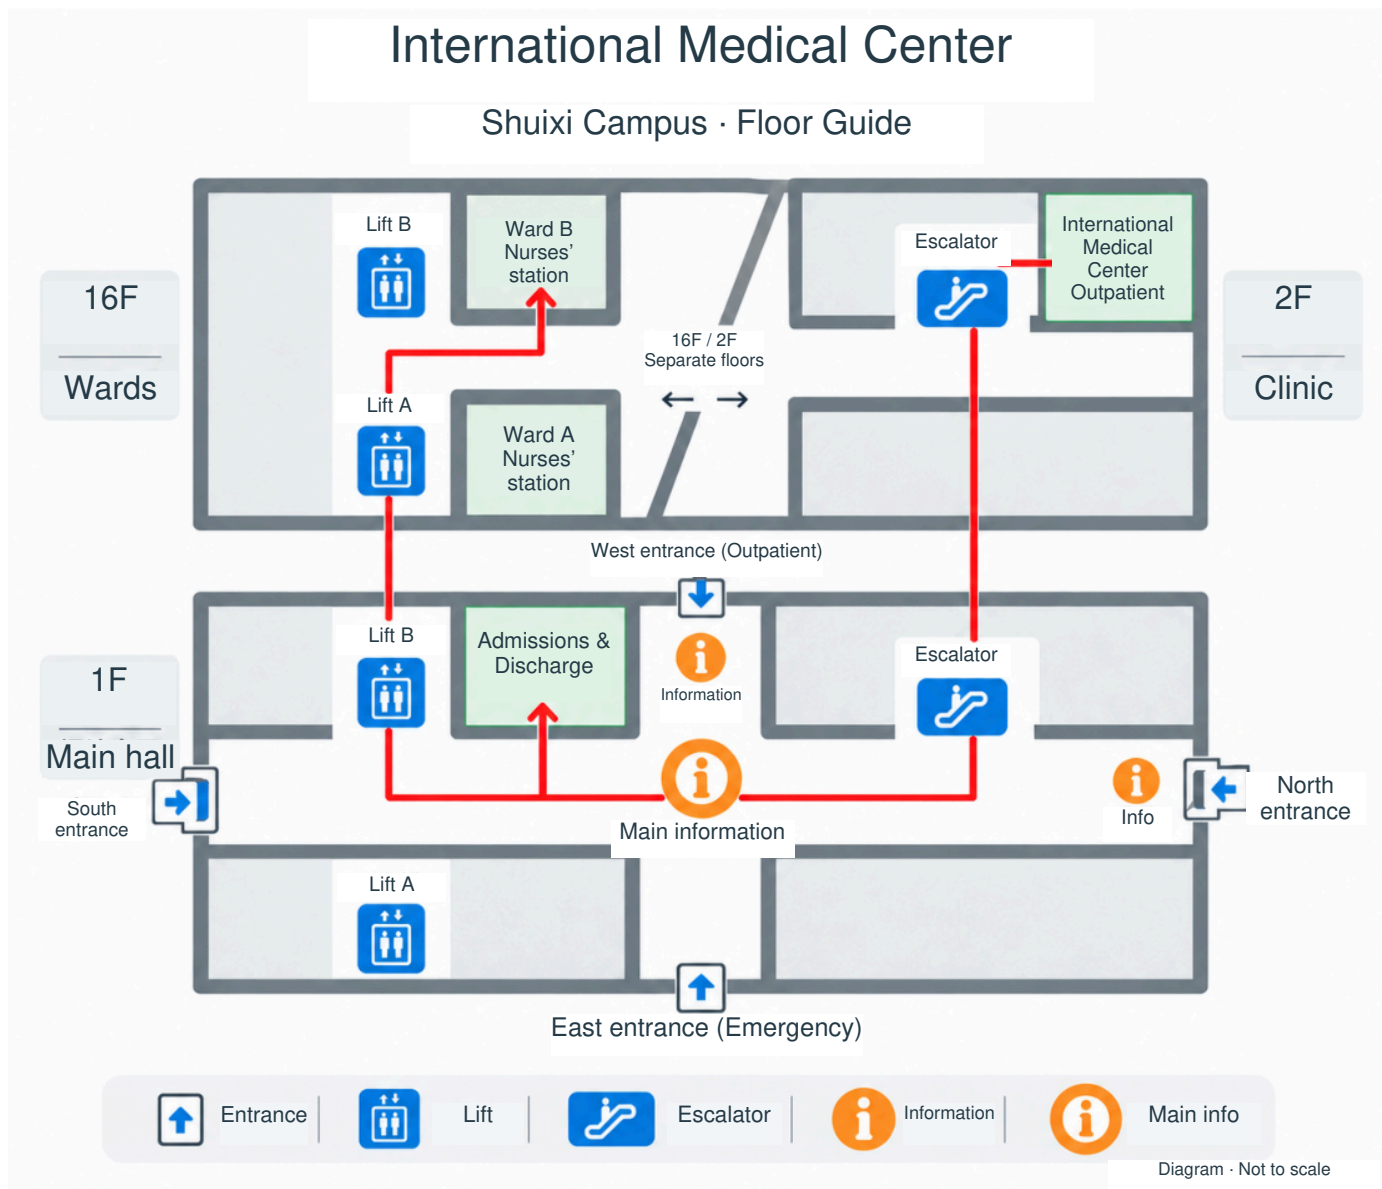

International Medical Center | No photos or video

No photography, video recording or live streaming in clinical or inpatient areas without permission. Do not photograph other people or their medical information.

02 Routes & floor guide

Complete admission formalities, then go to the Level 16 ward

After admission formalities, go to the Level 16 nurses' station

Take inpatient lift A or B to Level 16. Both lifts serve the ward; follow the signs on site.

Parking

Patients using commercial insurance, including international insurance: provide your vehicle registration number when booking, enter via the north entrance and park free of charge.

Other patients: use the west entrance to the underground car park. The first 30 minutes are free; RMB 1 per hour, capped at RMB 33 per day.

03 Documents & medicines

Check the items that apply to you

Documents for admission

All patients	Admission form
Chinese citizens	ID card; bring your medical insurance card if using Chinese medical insurance.
Foreign nationals	Passport
Patients with partner insurance	Commercial insurance card and guarantee of payment.

Medical records and medicines to bring

☐ Medication list and 1–2 days' regular medicines

List each medicine, dose and frequency, including oral, injectable and inhaled medicines, herbal products and supplements. Keep original packaging where possible; photos of labels can help.

☐ Insulin pen (if used)

Bring the insulin pen you normally use.

☐ Medical history, allergies and records

Tell us about illnesses, surgery, injuries, major admissions and transfusions, and any allergies and reactions. Bring medical records, discharge summaries, test and imaging reports, images and any pathology reports.

☐ Emergency contact

Prepare the person's name, relationship to you and telephone number.

Your doctor may adjust medicines during your stay according to your condition and hospital availability. Use medicines you bring only after staff have checked them and as directed.

04 What to pack

Prepare what you need for a comfortable stay

Room facilities

TV, microwave, refrigerator, drinking water and a bathroom with shower facilities. Patient clothing, bedding and sheets are provided.

Items included in the special service fee

The RMB 100 special service fee includes a disposable toiletries kit, slippers, a towel and tissues. Other personal toiletries and daily essentials are not routinely provided.

Suggested items

- ☐ Underwear and changes of clothes
- ☐ Usual toiletries and skin-care items
- ☐ Cup and bath towel
- ☐ Phone and charger

Bring well-fitting, closed-heel, non-slip shoes

Good fit

Choose a secure, comfortable fit.

Closed heel

The shoe should cover your heel.

Non-slip sole

Choose a sole with a non-slip tread.

Illustrative shoe, not a specified model · AI-generated

As needed

Glasses and case, hearing aids and accessories, dentures and storage box, walking stick or walking aid, adult continence products, stoma supplies and other personal care items.

Bring with you or buy on arrival

You may bring these items or buy them on Level 1. Keep your belongings secure and avoid bringing large amounts of cash or valuables.

05 On arrival & contact details

A final check before you arrive

Blood tests and fasting

If fasting blood tests have been arranged, follow the instructions given by the clinical team. Ask staff in advance about medicines while fasting, particularly insulin or diabetes medicines. Do not change your medicines on your own.

Where to go

1F	Admissions & Discharge Center Right after the west entrance
2F	International Medical Center outpatient clinic Clinic Area 1
16F	International Medical Center nurses' station Inpatient lifts A / B

On arrival at the ward, hand in your documents and tell staff about allergies, medicines and any assistance you need.
